Mr. J. C. Davis, Esq.
List ABCDE

RECEIVED & INSPECTED

NOV 03 2004

FCC MAILROOM

What is to inform you that I am
a constant inpatient to me of face
every day trials, and when it's sometimes trippily
off the air, I feel like I'm without water.
I'm dealing with a small business in
Florida, a previously suicidal teen, an elderly
wife in parent (alcoholic), as well as other
issues.

We live in what I believe is an oppressed
community full of garbage & drugs. Not
to mention may be the only link to lost
some of these people have, even if they
only find it accidentally.

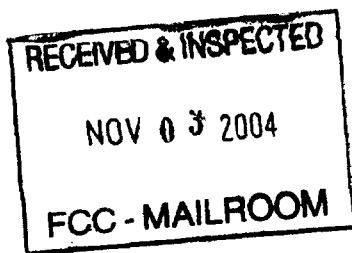

OVER &

It done is so much more than music.

It is testimony of God's love and sacrifices in people daily lives, in a dying world. There are even a lot of Churches that do not offer this. It is also a link for ~~many~~ major prayer requests, simply put, it's proven to help change lives, and anything less would be the enemies victory.

Thank you,
Mytil Jack

I protest the proposal to expand LPFM.

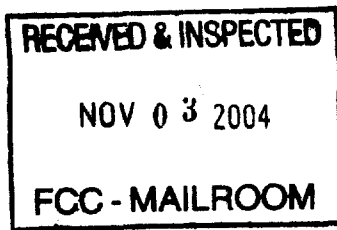

This would interfere with my local station K-LOVE which I hear on an FM translator. K-LOVE provides unique radio programming in my area. There is no other station like it anywhere near here.

The type of music + public announcements + service to the local community provided by K-Love is irreplaceable

Dear Sir/Madame:

I am writing to let you know how blessed we are to be able to listen to K-LOVE in our local area on 105.5, 89.1 and 100.9. K-LOVE is such a positive, encouraging station for the whole family to listen to. My grandchildren ask to have K-LOVE on as they sing along and know the words to all the wonderful songs that are played. K-LOVE supports wholesome values and has a positive impact on our communities all across America. Please do not force this station off the air!

Thank you in advance for your help in this area.

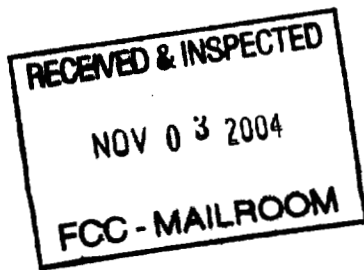

Sincerely,

Pamela Conkright

RE: MB Docket No. 04-233

To Whom It May Concern:

I just wanted to write to you to let you know how K-LOVE has impacted my life. I have been a loyal listener for over 5 years. I am also a financial supporter of K-LOVE. I know when I tune into K-LOVE that my family is only going to hear family friendly programming. I am encouraged throughout the day by the broadcasts to be a better person. I have no fear that my family will hear anything offensive as frequently happens on the other radio frequencies.

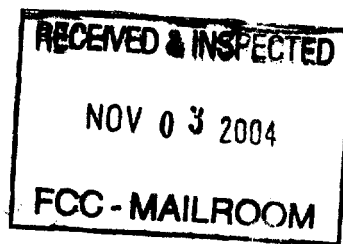

If K-LOVE were to be displaced by an LPFM broadcaster that provides other programming I fear that my community will severely impacted. The music, programs and positive reporting are irreplaceable in my eyes.

I feel that the service provided by K-LOVE is definitely in the public interest. The people of this country need positive programming. K-LOVE reminds me every day that God did not put on this earth to think only about ME but OTHERS. Can you imagine the impact this has on hundreds of thousands of people daily? The programming has helped me in my marriage, raising my children, and financial matters. How many stations can attest to this?

Please take this into consideration when making your decision.

RE: MB Docket No. 04-233

I think it is ludicrous that you (FCC) would even consider LPFM if this new broadcast system would take over Air 1. My family listens to this station every day. There's finally, a station that is safe for my kids to listen to and teaches moral values that is so lacking in our society. If you take this station off I would not listen to LPFM, my kids would go to school without the positive messages in Air 1 music to make them happy.

It is in the public's interest to keep Air 1 in our airwaves. This station sets an example of how we are to care about those around us, become good citizens and yes, good Christians.

Radio has enough stations that are able to say whatever they want and use any type of language, why take one of the few stations that has only focused on the positive aspects of life?

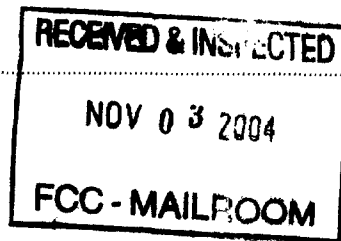

I ask you to please consider my stance on this issue and thank you for your time.

RE: MB DOCKET No. 04-233

To Whom it May Concern:

It has been brought to my attention that there is a new broadcast service known as Low Power FM being expanded to include my area and take priority over our current FM translators.

I must state my concern and urge you to **NOT make this type of change** in our area!

93.3 FM K-Love broadcasts wonderful family stereo music, news, and encouraging outreach stories. I've enjoyed this station for the last 4 years and would be very sorry to not be able to receive it.

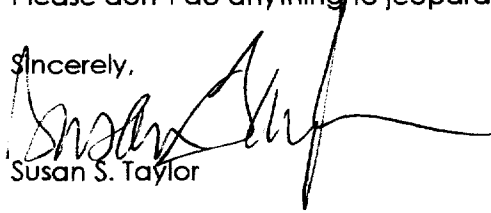

K-Love encourages me and my daughters to live our lives fuller. Our family is recovering from grief. One of my daughters died just 3 years ago and I look for any positive words of comfort I can find. K-Love is on in my home and in my car. My daughter sings the songs with me. The music touches our hurting hearts.

Recently we returned from China with a baby girl! I used information I heard on K-Love to investigate our adoption. K-Loves John and Sheri River's also just returned from China with their baby! I feel a part of the K-Love family staff and enjoy this bond.

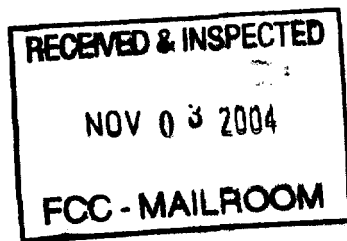

I know my story isn't the only testimony to the good of this station in our area. Most of the young people in my church also listen to the K-Love station. Their Contemporary Christian Music programming inspires these kids during the turbulent teen years, and bridges a music appreciation gap that would otherwise be there!

Please don't do anything to jeopardize this awesome service to our community.

Sincerely,

Susan S. Taylor

TO WHOM IT MAY CONCERN:

REGARDING: MB DOCKET NO. 04 -233

I am writing on behalf of my dear radio station, KLOVE, which broadcasts their program across the county through translator services. My station, 91.1, may be affected by a new ruling allowing new LPFM stations to pre-empt the translators. There are millions of people who listen to broadcasting simultaneously. Not only does Christian radio use translators, but public broadcasting uses them as well.

Please reconsider your decision, or provide an alternate method, so that all parties may be served.

In addition to this concern, I would also like to express my concern about the FCC allowing more and more smut to be aired on broadcast television. Please remember that freedom allows people to purchase channels with questionable content, but that the general public is not served in a positive way by hearing BLEEP, and near BLEEP expositories.

Thank you for your attention.

A handwritten mark, possibly a signature or initials, written over the line for the number of copies received.

Dear Judy

An important issue affecting the future of K-LOVE and you is now being considered by the Federal Communications Commission (FCC).

The FCC has introduced a new broadcast service known as Low Power FM (LPFM). While these LPFM stations have been in existence for several years, the FCC is now proposing to expand this service in a way that would allow these new LPFM stations to take priority over current FM translator service. Many advocates of LPFM feel that there is little value in national or regional services such as K-LOVE, which is often heard on FM translators. Hundreds of thousands of people listen to K-LOVE on these FM translators. These translators could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service, perhaps leaving you without your K-LOVE signal.

I need your help! The FCC is currently requesting public comment on this and other issues as part of their "Localism" campaign. Please register your comments using the following on-line address, exactly as shown: http://gulfoss2.fcc.gov/prod/ecfs/upload_v2.cgi (character between upload and v2 is an underscore - not a space). Electronic filings must include "04-233" in section 1, "Proceeding". Where you are asked for "Document Type," in section 12 choose "Comment." You may also write to the FCC, 445 12th Street SW, Washington, DC 20554. By letter, please reference "MB Docket No. 04-233."

It is important that you include the following three points in your comments to the FCC:

1. How K-LOVE serves you as a resident of the local community.
2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.
3. Why you believe that the service provided by K-LOVE is in the public interest.

The window of opportunity for comments is very short as you can only make comments until November 1. Without your help, the K-LOVE signal, in many areas, serving hundreds of thousands of listeners, could be replaced by an LPFM which may not have the same family-friendly programming you have come to enjoy. You know that K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. **Please**, send your comments to the FCC today to help preserve this service that you value. Let's continue to pray together that K-LOVE will not be forced off the air in any area we serve. **Thank you for your help!**

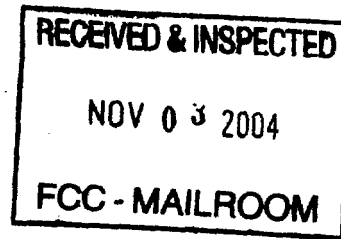

Dick Jenkins
President

In your area, K-LOVE is heard on 91.1, 88.3 and 88.5.

Federal Communications Commission
445 12th Street SW
Washington, DC 20554

Dear Sirs and Madams:

I am writing to address MB Docket No. 04-233. For the past several years, I have had the pleasure of listening to Air 1 and K-Love in two different cities where I have lived, and also while traveling in the state of California. It is my understanding that the implementation of MB Docket No. 04-233 could change the ability of myself and many others (many equating to hundreds of thousands) who are daily encouraged by the songs and programming on these radio stations.

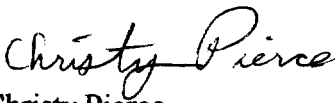

There are many radio stations available where I live now (Santa Cruz, CA), but I have found no others that so consistently strive to encourage their listeners to have joy and life through Jesus Christ.

Air 1 has been a source of encouragement to me, and it troubles me to think that it may be replaced by another form of programming. Air 1 is highly appreciated by many members of my community, especially as there are few comparable alternatives, and we would sorely miss it if it were displaced by an LPFM broadcaster.

The community in its entirety may not be as appreciative or even aware of Air 1 and K-Love, but they may still benefit indirectly by the positive influence the stations have on their listeners, including encouragement to serve in one's community and to vote in the upcoming elections.

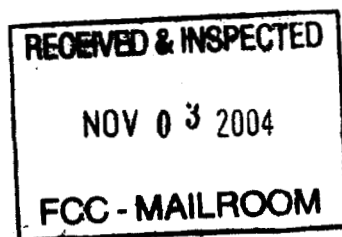

Thank you for the opportunity to share my concerns. Please do not let LPFM stations take priority over the stations broadcast on FM translators.

Sincerely,

Christy Pierce

To Whom It May Concern:

I need your help! I understand the FCC wants to allow LPFM broadcasting that would dramatically affect my ability to receive K-Love Christian Radio on 88.9 FM out of Myrtle Beach/Wilmington, NC. **DO NOT ALLOW THIS ACTION!** As a citizen it is important that I am informed about local events that are free to the public and are of creative and uplifting nature instead of the usual distressing and even disgusting nature. Residents need to know what is actually positive and encouraging and K-Love has free postings for music and family events. The effect on the community would be distinct. I listen to K-Love and Christian Family Radio 90.5 FM on a daily basis and I consider it a serious part of my ability to even practice my religion.

With a world that is increasingly filled with fear, rage and disaster K-Love helps keep me focused on what I should be thinking about and not fear. Whose radio station prays for and with them? K-Love does! And I feel we all need prayer. It is in the public interest as I am actually a taxpayer and a responsible consumer. Regular radio does not provide a service for a committed Christian because of the profanity, disgusting jokes and general disregard for appropriate family fare that K-Love does provide.

Please do not forget us. K-Love is supported by monthly contributions like mine. We pay to keep our music and information about events for other Christians on the radio. I pay \$40.00 a month to support keeping them on the air. This is not a light interest radio station. This is a station that does not offend nor take advertisements for just any company. We also get decent lyrics from clothed entertainers, national news and international events that would not be inappropriate if "your mom was in the room with you."

If you have more questions please call K-Love 1-800-434-8400. Thank you for your help.

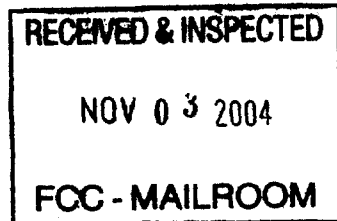

Respectfully,

To Whom It May Concern;

This letter is in reference to MB Docket #04-233. My fiance recently read to me a letter aimed at the elimination of K-LOVE Broadcasting Network for LPFM Stations.

It would be a travesty to even consider cancel such wonderful, positive, uplifting Christian stations such as K-LOVE. K-LOVE has been a source of encouragement to me personally. Like many people today, I have been at a point in my life in total despair. It is through this Christian station that I received many hours of uplifting music. It has deepened my faith and love for Our Lord Jesus Christ that otherwise had it not been there I would of possibly given up.

As a nurse in a health care field I often hear staff and patient speak of their love for The Lord and K-LOVE. The K-LOVE radio station 100.7 in the Utica-Rome, N.Y. area is a positive, encouraging source of spiritual nourishment so greatly needed in our area and our County. I don't have to tell how much people are hurting; financially, emotionally, psychologically and physically. All you need to do is to look around you. It is everywhere and in every social

Very much. K-Love Broadcasting is a commercial free station. They provide continuous support to their ^{hearers} ~~listeners~~ through Praise songs, Bible teaching from The Scriptures and through four Pastors on Staff to meet and pray for the needs of others. Therefore, Our Community would truly lose the one station that brings hope and faith to them in these troubled times.

Therefore, please do not cancel the one station that has had direct effect on saving people. It has also brought many people to The Lord as the only true source of life.

I pray that you reconsider any action taken against K-Love and any other Christian stations. God will bless you mightily for your decision to keep these stations on the air.

God Bless you and your families. It is in faith that I believe you will gain health and wisdom through Our Lord Jesus Christ.

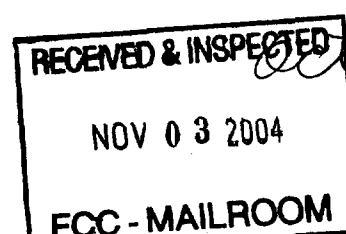

Sincerely yours,

Martha R. Ransom

FCC, TO WHOM IT MAY CONCERN

It has come to my attention that the Radio station K-Love may be affected by the LPFM broadcaster - reference MB DOCKET No. 04-233.

K-Love serves me as a local resident in many ways. It calms me as I end or start a busy day. It encourages me in my hectic life on certain days that stay quite busy.

If it were to be displaced by an LPFM broadcaster it would be in my opinion very biased and unfair.

I believe the service provided by K-Love is in the best interest of our community, it is great music and also gives an opportunity to hear varied kinds of music on a level for all ages and tastes.

I trust you will consider this and not interrupt their programming for the good of all who enjoy their station and programs.

RE: MB Docket No. 04-233

To Whom It May Concern,

I wish to make my comments on how K-LOVE serves our family in our local community. K-LOVE is a family oriented station that is safe for our children and grandchildren to listen to.

If an LPFM were to displace K-LOVE, it would be a terrible blow to many, many people in our area. Many businesses play K-LOVE in their offices and reception areas, and have received many comments from people who enjoy the music and message this station gives. Our daughter plays K-LOVE in her in-home Daycare and many of the little ones now know songs of praise by heart, instead of rap songs or songs with foul language.

Our family knows the value of K-LOVE. This station gives comfort, builds a person's faith, and often gives courage when problems confront us. K-LOVE helps pull a community together and helps us keep God as our focus. No other station is like K-LOVE with it's message of hope, without commercials! Even their announcers just lift a persons spirits by the way they approach different subjects. We love their music!!

PLEASE DON'T REPLACE K-LOVE with a new broadcast service. That would be a big mistake!! Many radios would be turned off!!!

Sincerely,

Lee & Rebecca Jensen

RECEIVED & INSPECTED

NOV 03 2004

FCC - MAILROOM

26 OCT 2004

Reference: MB Docket No. 04-233

Dear FCC:

I am writing to express my concerns about a radio station in our area. K-LOVE which is heard on 90.7 which is heard on FM translators.

K-LOVE is a most important part of my life and it provides this local community with much needed religious music. Music you can let your whole family listen to without having to worry about what the DJ might say that is inappropriate for you family to hear. Not dead music but happy encouraging uplifting music. Music that can change a bad day into a wonderful day.

Our whole community would suffer a terrible and drastic loss if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. Why, because K-LOVE is not your usual boring religious music, this is not your "older generation" music station. I have NEVER come across a station that plays modern uplifting Christian music. My radio station is always tuned to K-LOVE. I don't listen to anything else. I and many others in this area would be thrown into deep depression if I could not listen to K-LOVE my day to day Christian Music.

Helping the world one by one to find out about Jesus and God is what this world needs. A year ago, I had never even heard of K-LOVE but one day while channel hopping I found it and now really my life is so much better. From hearing from other people who have had problems and how God helped them thru them to just being uplifted daily this world needs K-LOVE.

One last thing, I know my letter sounds a bit "over the top" but here is my challenge to you. For one whole day listen to nothing but K-LOVE, in your car and in your office you can pull it up on the web at KLOVE.COM. Listen for one whole day and after that day take a few minutes and ask yourself, do I feel better about today then I did yesterday? I know it really does sound crazy a radio station can make you feel better. Yes when the radio station is a Christian music station called KLOVE.

I sincerely hope you will take the one day and hear, see, and FEEL what I have found. Then you will understand how very much KLOVE means to me and so many of us here in Norfolk, VA.

Sincerely,

Patricia A. Hahn
